

عمل ثلاثة تطبيقات ورفعها الى ال github وارسل الرابط الى الحساب

The screenshot shows a GitHub repository page for 'Django_lectures_and_assignment' by user 'khaldounCom1'. The repository is viewed at the path 'Django_lectures_and_assignment / labs / SchoolManagementlab4 /'. A commit by 'kmakhoul' is shown with the message 'Convert project to normal folder so files show on GitHub'. The file list on the right includes folders like 'SchoolManagementlab4', 'Templates', 'courses', 'enrollments', 'media', 'patients', 'static/admin', 'student', 'teachers', and files like 'alldb_backup.sql'. On the left sidebar, the file explorer shows the repository structure with 'main' selected. Red arrows point to the 'SchoolManagementlab4' folder in the sidebar and the 'alldb_backup.sql' file in the file list. A note in Arabic says 'نقل إلى الإعدادات لتنشيط Windows' (Move to settings to activate Windows).
